Northwind Analytics — Contractor IT Access Policy

Applies to contractors, vendors, and temporary staff. Effective 1 March 2026.

1. Accounts and Passwords

Contractor accounts expire after 90 days unless renewed by the sponsoring manager. Contractor passwords must be at least 16 characters and are rotated every 60 days.

2. Devices

Contractors must use company-managed virtual desktops; personal devices may not store company data. Lost devices must be reported to the vendor manager within 24 hours.

3. Remote Access

Remote access is permitted only through the contractor VPN between 07:00 and 22:00 IST.
